He stated that he was born and raised in the Kosovo region of Albania, which is now governed by Yugoslavia and that he came to the United States in 1955 from Greece, to which country he escaped from Yugoslavia because of his complete and undying hatred for the Communist system. He stated that while in Greece he participated in an anti-Communist underground movement aimed at overthrowing the Communist regime in Albania. He stated that in 1959 he became a United States citizen at Buffalo, and that from the time he arrived in the United States and particularly since becoming a citizen he has felt his loyalty belongs completely to the United States and no longer to any Albanian or other type of anti-Communist group. He said if the United States, which is his country now, wants to take any type of action directed against Communism, he will wholeheartedly support any such action, but would not of his own volition take any illegal type of action against the Yugoslavs or anyone else.

KABASHI stated that since 1959 he has been employed at General Motors, Chevrolet Motor Plant, River Road, Town of Tonawanda, New York.
